

Invitation for Bids – Amendment 1 Reclamation District No. 108

Reclamation District No.108 (RD-108) requests proposal to provide the production and delivery of gravel as described in the attached Statement of Work. These services will be provided starting no earlier than February 15th, 2023 and completing no later than March 31, 2023. The total expected duration is expected to be four weeks.

The bids must be provided on the attached Quote Sheets, sealed, and delivered to:

Reclamation District No. 108
ATTN: William VanderwaalPO
Box 50
975 Wilson Bend Road
Grimes, CA 95950

No later than noon (12 PM) Tuesday, February 7th, 2023.

The bids will be opened at 12:00 PM in the RD-108 Board Room and Notice to Proceed is expected to be delivered via email no later than 3:00 PM.

Please provide any inquiries, questions, or comments to William Vanderwaal at wvanderwaal@rd108.org or via phone to (530) 437-2221.

The IFB is amended to include the following (underlined is additional):

- **Traffic Control** – Contractor shall furnish, install, maintain, and remove Construction Signs and Changeable Message Signs as shown on Figures 2 and 3. Contractor shall manage truck traffic on Middle Creek Road such that non-project traffic is not duly inconvenienced.
- **Middle Creek Road** – Contractor shall complete a pre-construction road conditions survey including photo and video logging of pavement conditions and make all reasonable repairs resulting from project activities. All repairs must be approved by Shasta County prior to receiving substantial completion. There will be a pre-construction inspection attended by the Contractor, County, City and District Staff. Road repairs will be done under a Time & Materials basis.
- **Sacramento River Trail** – Contractor shall complete a pre-construction road conditions survey including photo and video logging of pavement conditions and make all reasonable repairs resulting from project activities. All repairs must be approved by the City of Redding prior to receiving substantial completion. There will be a pre-construction inspection attended by the Contractor, County, City and District Staff. Trail repairs will be done under a Time & Materials basis.
